

Let' Go Birding: 2012 outings

Join KAS trip leader *Gary Maschmeyer* on monthly bird-watching walks starting in spring and see some of the amazing variety of birds in our local area. Learn or share tips on spotting birds and bird behavior. No birding experience is required, and experts are welcome to come share their knowledge.

Typically, the outings are centered in Brookings but other trips throughout our area are also included. The outings are weather-dependent and are generally over by noon. Binoculars are recommended, and we have a few binoculars that first-timers may borrow.
